Packaging dimensions:

Depth: 782,000 MM

Width: 1.239,000 MM

Height: 1.173,000 MM

Gross weight: 1,000 KG

General characteristics

SALAD PREPARATION TABLES AMERICAN LINE

All stainless steel interior and exterior construction for a cleaner and safer food environment.

Stainless steel covered corner floor to meet NSF requirements.

Heavy duty stainless steel door with high impact ABS plastic interior door; step design for added insulation and protection of door gasket.

Electro-mechanic controller to keep food quality for longer period of time.

Factory balanced refrigeration system, environmentally friendly R-104 A.

Front breathing refrigeration system for built-in applications.

Insulated hood and lid keeps pan temperature colder and minimize condensation. Removable for easy cleaning.

Designed for forced air underneath pans to keep products fresher and maintain products at 32° to 41 °F temperature in food pans and 32° to 46 °F in cabinet interior.

Complies with NSF7 standards for food product safety.

Durable stainless steel hinges.

Recessed door handles.

Self-closing door with 120° stay open feature for convenient loading and unloading of product.

10" full length removable and reversible cutting board.

Standard with full sets of 1/6 size pans, clear polycarbonate, 4" deep.

CFC-Free polyurethane insulation, foamed in place for added strength and energy efficiency.

Standard with 4" castors, front two with brakes.

Self-contained system, no plumbing necessary.

Easily removable door gasket - no tools needed.

Adjustable heavy duty epoxy coated wire shelves.

Volts 115V

OPTIONS: Version 220V. 50/60 HZ
